13 April 2017

Dear Ms Dent,

Unitary and Parish elections 2017

I should be grateful if you would kindly print and display the relevant Statement of Persons Nominated for your parish (page per parish), halfway down page at left hand side of: <http://www.wiltshire.gov.uk/elections-2017> . The unitary Statement of Persons Nominated is also there, and it would be appreciated if you could also display your relevant page.

The parish Statements are divided in to contested and uncontested areas, and I attach a list of which parish is in which category. In the uncontested areas, with the exception of Beechingstoke, Codford, Crudwell, Limpley Stoke and Ogbourne St Andrew, we will issue results of uncontested elections and the parish council can co-opt to fill the remaining seats when the new council is formed from 8 May.

In the five parishes listed above, there is an insufficient number of candidates to form a quorum, so a fresh election will be required. Any uncontested candidates in those parishes will be declared elected unopposed, but will be unable to act until after the fresh elections which will be some time in June. The fresh elections in those five parishes will be recharged.

I enclose lists showing the location of count venues for contested parish and unitary elections, and also a list on uncontested parish areas. Please feel free to publicise these as widely as you can.

Candidates will be sent further information about the process in due course.

Yours sincerely

Head of Electoral Services
and Deputy Returning Officer
